Post Option 2: Improve Your UI Symptoms with *Leva*

| Post Image: | Post Text: | Suggested Post Hashtags: |
|---|--|---|
|  <p>The graphic is a promotional image for the Leva Pelvic Health System. It features a purple header with the text 'Bothered by bladder leakage?'. Below this, there is a central white box with a light blue border. On the left side of this box, there is an image of the Leva device and a smartphone displaying a pelvic floor training app interface. The text in the central box reads: 'Leva users saw their leaking episodes decrease from nearly 2 leaks per day to about 2 leaks per week. As early as 4 weeks into treatment.' A green downward arrow icon is positioned between the two leak frequency statements. At the bottom of the graphic, there is a purple footer with the text 'Ask us about the Leva PELVIC HEALTH SYSTEM'.</p> | <p>Improve your bothersome urinary incontinence (UI) aka bladder leakage symptoms by training and strengthening your pelvic floor muscles at home, on your time, with the <i>Leva</i> Pelvic Health System. Call our office today at [xxx-xxx-xxxx] to learn more and to schedule a consult!</p> | <p>#obgyn #gynecologist #gynecology #pelvichealth #pelvicfloor #digitalhealth #womenshealth #kegels #mom #healthymom #bladderleakage #bladderhealth #healthyaging #incontinence #UI #forstrongerwomeneverywhere #Levapelvichealthsystem #Leva</p> |

Post Option 3: UI Can and Should be Treated...
